## Animal Fishing

You can use this document to produce a set of fishing shapes, which you can pick up using a home-made fishing rod. You can do this either to entertain children in the home or the classroom or use it to help raise funds for your badger group at a village fun day.

### **INSTRUCTIONS**

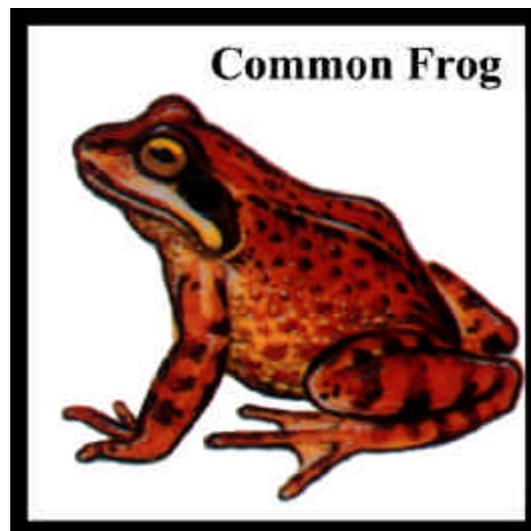

Print these sheets onto stiff card.

Cut out each animal using some kids scissors.

Fasten a paper-clip onto each animal shape (for example, stick it underneath using Sellotape).

Make a fishing rod, with a blunt stick, a length of string and a magnet.

Hold a fishing competition to pick up the greatest number of animals or points. If you are going to use points, then write the number of points on the back of the cutout shape.
