INSTRUCTIONS:

To make a bookmark, print the desired page onto heavy card using a good-quality colour-printer with the best graphics settings.

All bookmarks print two bookmarks on a single A5-size page, although you can usually use A4 paper. When you have the printout, laminate the card with a sticky clear acetate sheet (or at a print-shop).

To help you use these in a classroom situation, there are nearly 30 different bookmarks, in this file.
